

TFRs in the Houston Area and Intercept Procedures

Temporary Flight Restrictions (TFRs) and knowing how to avoid them are an important part of aviation, especially in a large metropolitan area. TFRs specific to Houston will be discussed (stadium, etc), as well as the regulations regarding the different types of TFRs that pilots can be expected to see around the country. Intercept procedures will also be discussed in the event that a TFR violation leads to an airborne intercept.

Directions: From Pearland Regional Airport (LVJ): After exiting from the FBO and airport on Airfield Ln, turn left and drive for about .5 miles. Make a right onto CR127 (first right) and the restaurant is about 200ft on your left hand side. It is almost within walking distance from the airport. From Downtown Houston: Take I-45 south and exit Hasting-Friendswood Rd (FM 2351). Make a right on FM2351 and follow it for about 5 miles until you come to CR 127. Take a right on CR127 and the restaurant is on the right hand side about 500ft down the road.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
